Subject: Lyndale Lighting

Dear Ms. Colvin Roy

I am writing in support of the Lyndale Lighting project. The neighborhood residents have put in a lot of time and effort in gathering support and signatures for the project. It is a worthwhile endeavor and should have a positive effect on the safety of our streets.

Subject: Pedestrian Lights for Lyndale Neighborhood

I am writing in support of the pedestrian light project for the Lyndale Neighborhood....since I will be out of state working next week! I have been working on this project for the last 4 years, and more than ever sense the need for these lights. Strangely enough, in the past 3 weeks on 32nd street (we own a house on the corner of 32nd and Harriet), 3 cars have been broken into we need better street lighting. I wish I could give my voice to the personal testimony opportunities on June 13. Please count me in. Linda Alton, 3202 Harriet Ave South, 823-3518.

Dear Committee,

Regarding the Street Lighting on 32nd and Harriet. My vote is a NO, no street lighting. I am a 75 year old woman who has lived here for 40 years. I am tired of the city putting things in and we have to pay for it. They just put in sidewalks, in which I had to pay over \$500.00 for. And some of the sidewalk did not need to be replaced. There are some months I don't buy groceries because I cannot afford them on my small SS. check. I am trying to save enough each year for my taxes and my insurance's for the coming year.

God made night and day, if he wanted it light 24hrs a day he would have made it that way. So PLEASE DO NOT PUT IN THE STREET LIGHTS.

XXXX

Thank You for Listening,
Margery Cluckey

I'm writing this objection statement about the Street lighting District NO. 1292, because right now at this time my wife is ill. She will be having surgery in July - 2002. At this time I am in a financial bind, saving up for college for my kids and paying for the hospital bills, this will put me in financial problems.

Thank you!

RECEIVED

RE: PROPOSED STREET LIGHTING DISTRICT # 1292 & # 2238
FOR THE LYNDALE RESIDENTIAL NEIGHBORHOOD.

To: Transportation and Public Works Committee,

I, Mark Rund, am satisfied with
the current level of public street lighting
in my neighborhood.

I therefore object to the proposed
increase of street lighting with the establishment
of District # 1292 and # 2238 and the
subsequent cost assessment of my property:
PID 0302824320226 located @ 3522 HARRIET
AVE. S. # 206, MPLS, MN 55408.

Sincerely,

Mark Rund

RE: Lyndale Neighborhood Area Residential Street Lighting Project No. 2238

June 5, 2002

Minneapolis City Clerk
C/O T&PW Committee Coordinator
350 South 5th Street - Room 304
Minneapolis MN 55415-1382

To whom it may concern;

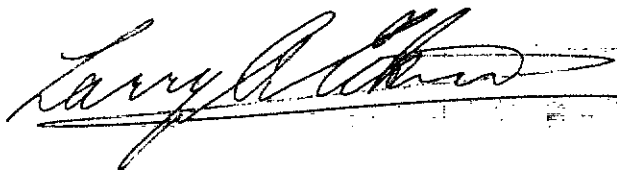

I write at this time, as an affected property owner in the Lyndale Neighborhood, to express my opposition to the proposed pedestrian scale street lighting replacement project. I have viewed such lighting as installed elsewhere in the city, and am singularly unimpressed with the results this lighting change achieves. I do not believe it to be worth the investment and special assessment proposed.

Especially on my corner, with the modernistic design of Lyndale Elementary School directly across the street, the type of lighting proposed is simply not visually consistent with or appropriate for the area. And, as I suspect the school district will continue to need additional high lighting around the building's main entrance - directly across from my house - its impact on the intersection's night light levels will probably be negligible.

Finally, as the owner of a corner property, my understanding is that I am going to be assessed a proportionally higher amount because two of the proposed lights will be on the boulevards adjacent to my house. As the lighting is specifically designed to impact the neighborhood, and not any individual property, I feel it would be more appropriate to divide the project costs more evenly across the number of all affected properties.

Thank you.

Sincerely,

02 JUN -7 PM12:25

To whom:

I Am the owner of PARCEL #
 PFD 0302824220082 located at 3028 GARTFIELD A. So.

You ARE ASSESSING my property for
 \$2,376.43 for Lighting Project #2238.

I don't think this is Right...

You HAVE RAISED my TAXES the last
 couple of YEARS witch cost me
 MORE MONEY now you wish to
 ASSESS me for something I do not
 NEED. WE CAN live just fine
 with the lighting we have.

I VOTE NO To Lighting Project #2238

Dear T&PW Committee Coordinator,

We are responding to the proposed assessment for street lighting improvements in the Lyndale Neighborhood.

We are in favor of the improvements but would like to know why we are being assessed. The proposal doesn't include any lighting for Lyndale Avenue and our property is on Lyndale Avenue.

We approve the assessments only if this proposal includes lighting for Lyndale Avenue.

Most Sincerely,

 Ron Siron
